

Several times in the long-drawn-out afternoon session, a break appeared not far away. Peace-makers were called to the platform several times and, by their appeals to the common aims of the delegates, stayed off at least temporarily the movement toward a break.

convention. They filled the hall to its farthest corners and the double set of state standards covered up and down trying to find a resting place.

James Duncan, Seattle laborer, held the gavel, but Christensen, the forty-eight year old, was given a rising demonstration as he came to the platform and their band played "Hail, Hail, the Gang's All Here."

When the "Marchallale" was played, the delegates stood and yelled. "These cheers for Debs and the working class," cried a voice from the gallery. The delegates gave them. More than an hour after the session was due to convene the delegates were still on their feet singing and cheering.

Two brass bands and a small army of delegates, armed with tin horns kept the din alive. In the few pauses there were cheers for LaFollette, Debs and the working class.

During its separate session the committee of forty-eight voted to recommend a platform plank for "public ownership and democratic control of transportation, including stock yards, large abattoirs, grain elevators, terminal warehouses, pipe lines and tanks." The "democratic control" plank and their representatives, was a labor party demand.

Harry Neuberger, of New York, discussing this plank in the forty-eight session, said: "We may not be able to grab the entire earth at this time, but we can take a step in that direction."

His Prayer Was Cheered. The Rev. George C. Richmond, of St. Louis, opened the forty-eight session with a prayer that was received with cheers.

"We are not concerned about heaven and hell," he said. "It is this world in which we are interested. As Jesus failed, so we fail. The prayer charged that republican candidates 'take orders, not from Jesus, but from Wall street; that the democratic party 'has sold out to those forces which face moral ruin and spiritual desolation.'"

He said the governor and his parasites are cured by plutocratic selfishness. "We are corrupt, mean, lawless and selfish. Forgive us, O God, and in the great revolution now coming, save us from national dissolution."

Dr. Richmond specifically gave thanks for the revolution in Russia, for "the new spirit of... assertiveness among negroes," and in Ireland. He asked for the destruction of "Palmerism, Penroselism and all other kinds of paganism." He also blessed Eugene Debs, "in his prison cell." This reference was interrupted by cheers.

After hearing from Grover Middlebrooks, attorney from the Georgia Hotel Men's association, and others in opposition to the bill creating the office of hotel inspector, the house general judiciary committee No. 2, at a meeting at the Kimball house last night, decided to refer the bill to a subcommittee of three to endeavor to rewrite it in line with the sentiment of the majority of the committee, which appeared to be opposed to the creation of another state department to inspect hotels.

Mr. Burt of Dougherty, author of the bill, presented the measure as having the endorsement of the "Travelers' Protective Association of Georgia." He said that many provisions of the bill might seem to be too stringent, and that he was willing to strike several of its sections.

Besides Mr. Burt, Max Banner of Columbus, Dennis Fleming of Albany, chairman of the legislative committee of the Traveling Men's association, and other traveling men spoke for the bill.

At the conclusion of the argument, Mr. Hollis of Muscogee moved that the bill be referred to a subcommittee to perfect it. Mr. Buxton, of Burke, moved that it be reported back unfavorably. At the suggestion of Mr. Carwell of Wilkinson, who said that there was no doubt that the main features of the bill would be objectionable to a majority of the legislators, but that a few sections, such as the one preventing hotel men from raising rates without giving twenty days' notice, might be approved. It was voted 8 to 7 to refer the matter to a subcommittee to report back next Tuesday night.

Chairman Pace appointed on the subcommittee Mr. Strozier of Bibb, Mr. Burt of Dougherty and Mr. Anderson of Jenkins.

MOTOR VEHICLE FUND IN LIMELIGHT AGAIN

Knight Resolution May Be Made Special Order in House Thursday.

On a report of the rules committee adopted yesterday afternoon, the house will this morning be given the opportunity of deciding whether or not it will put on its passage this year Mr. Knight's resolution providing for a county apportionment of the motor vehicle fund. The committee recommended that Mr. Knight's resolution to disapprove the report of the appropriations committee be made special order Thursday.

Mr. Knight appeared before the committee Tuesday afternoon and agreed to offer a substitute for his original resolution, which would track to the letter the language of the section of the motor vehicle act repealed last year by the fact that the governor signed the highway department reorganization act, containing a conflicting section, after he signed the motor vehicle act.

When Vice Chairman Neill reports the action of the rules committee to the house this morning, he will report that it requires two-thirds of those voting or at least a majority of the whole house, 97, to take the Knight measure up out of its position on the calendar.

Should the resolution be taken up and the unfavorable report of the appropriations committee disagreed to, while Mr. Knight is seeking to accomplish, the resolution would go back to its place on the calendar and the house would have to deal again by the rules committee before it could be placed on passage this year.

The rules committee also decided to put on the calendar the constitutional amendment proposed by Mr. Monday, of Polk, providing for biennial sessions of the general assembly, which was adversely reported by the constitutional amendments committee.

COUNTY UNIT PLAN ADOPTED FOR FIFTH

Adoption of the county unit plan for the next congressional election was the feature of the meeting of the executive committee of the fifth congressional district, which convened last night at 8 o'clock in the breakfast room of the Kimball house. Walter McElreath, a prominent Atlanta attorney, acted as chairman and Professor M. D. Collins, editor of The Fairburn News and county school superintendent of Campbell county, served as secretary.

After the meeting of the executive committee a number of citizens of the different counties, which compose the fifth district, held an informal session and pledged their support to Congressman William D. Upham for re-election. A number of enthusiastic speeches followed, in which the congressman's record was indorsed.

He has always carried the county in his race for solicitor general and will do so in the race for governor, is the general prediction.

LEGAL CITY PLANNING COMMISSION WANTED

Council Will Be Urged to Ask Legislature for Necessary Authority.

Approval of city council will be sought next Monday on a bill to formally create a city planning commission for Atlanta and give it a legal status. The bill will be introduced in the general assembly if the council approves its provisions.

It is proposed that the planning commission should confine its activities solely to the development of the physical phases of the city's growth, paying particular attention to its economic and commercial advancement, but refraining from any interference in political affairs.

Included on the subcommittee appointed to draft the bill are Colonel W. L. Peel, chairman of the commission; Councilman A. J. Orme, Robert R. Otis and Louis P. Marquardt.

REVIVAL ENDS TONIGHT AT WESLEY MEMORIAL

The revival meetings at Wesley Memorial church are rapidly drawing to a close, but the interest is not diminishing in any degree. Monday night Evangelist Dunaway preached a most illuminating and effective sermon on the marks of justification. Yesterday morning he again preached on being filled with the spirit, and showed that this infilling was the essential for service in the church and in the world. An altar service was held, and there was a religious demonstration. Service will be held this morning at 10 o'clock, and also tonight, when the meetings will close.

ENTRANCE FEES PAID BY MANY CANDIDATES

Candidates for city offices who paid their fees Tuesday for the city primary were Ernest L. Bell, of the third ward, who is opposing Dr. R. E. Stone, present councilman; member W. W. Gaines, candidate for the board of education from the second district, composed of the second and third wards; Frank Smith, candidate for re-election as tax collector; and C. J. Bowen, who is seeking to succeed himself as building inspector.

Attorney Carl F. Hatcher Tuesday announced his candidacy for school commissioner from the fourth district, composed of the fifth and eighth wards, coming out in opposition to Attorney Henry B. Troutman, who is seeking re-election. The contest will be decided in the municipal primary of July 25.

MADAME HENRI RAQUIN ARRIVES FOR REUNION

Madame Henri Raquin, of Blois, France, will be the distinguished guest at the second annual reunion of the Emory hospital unit, which will be held Saturday at the home of Dr. E. C. Davis, Burkhead. Madame Raquin arrived Tuesday, being accompanied by Lieutenant Robert Fletcher, of Texas, who lost both of his legs in the recent war. Madame Raquin was designated as the "mother" of the unit soon after she joined the hospital forces in Blois. Lieutenant Fletcher was a patient of the hospital, and is an inmate of the army hospital in Washington. They will be the guests of Dr. Fred Hodgson while in the city. Dr. Hodgson was a major in the Emory unit.

KILL MARRIAGE BILL AFTER TWO-DAY FIGHT

Senators Defeat Bill Requiring Certificate of Health Before Issuance of License.

After a two-day consideration of the bill of Senator Wood, of the twenty-first, requiring all male applicants for marriage licenses to undergo a physical examination and prove themselves free of disease, was defeated Tuesday by a 21-to-21 vote, which lacks five of the required majority for passage.

Senator Kea, of the sixteenth, continued his fight against the measure, which consumed most of the Monday session. He was the only member to oppose the bill on the senate floor, but seems to have obtained a large following when the vote was taken.

Senator Smith, of the seventh, spoke in favor of the bill, declaring that it was advocated by the state board of health, and was one of the best things ever up before the senate. "I have too much regard for the medical profession of the state to believe that they will take the course claimed by Senator Kea and sign false health statements," he declared.

An amendment to the bill by Senator Kendall, of the forty-seventh, making the examination apply to women as well as men, was killed before the final vote was taken.

HARDING SAYS WILSON FORCES LEAGUE ISSUE

(Continued from First Page.)

to make his campaign chiefly on the league of nations issue.

"So we have the complete proof that President Wilson has won and forced acceptance of his paramount issue. The party machinery has been taken over by the Tammanias of New York, New Jersey and Indiana, but President Wilson has forced his issue on them. He has but one concern, and that is the vindication of his foreign policy, first, by his party, later by his country."

Party Tuesday

"The democratic campaign is going to harness the party absolutely to the administration policy of ratification without protection to American interests. Should the democrats win, the league would be ratified, and America would become at once a party to the twenty-odd wars now going on in the world. European leaders have repeatedly explained that it is impossible for the league of nations to function effectively so long as the United States is not a member. The obvious implication is that when the United States ratifies, the league will proceed to settle up these matters; to enforce its authority in Russia; to settle the Greek troubles, compel peace between Turkey and Greece, assume responsibility for pacifying the Near East and middle east.

COMMITTEE FAVORS THIRTY-DAY SESSION

Senate Committee Votes to Reduce Session From 50 to 30 Days.

Decreasing the length of the sessions of the legislature of Georgia from fifty to thirty days is the provision of a bill by Senator M. M. Kendall, of the forty-seventh, which was recommended to pass Tuesday afternoon by constitutional amendment committee of the senate. However, several members of the committee who voted for the favorable report declared that they did not pledge their support to the bill by doing so, but simply did so to let the question be thrashed out on the floor of the senate.

Senator Kendall declared that the shorter session would save the state \$40,000 each year and that all of the work which is now spread out over fifty days could easily be accomplished in thirty.

The insurance committee recommended to pass a bill by Senator Fowler, of the Twenty-second, which raises the amount of reserve for casualty and liability insurance companies from 55 to 60 per cent.

Representatives of several insurance companies appeared before the committee in favor of the bill stating that 60 per cent is required as to reserve in all other states and they had been in the custom of keeping that amount in Georgia, regardless of the lower amount allowed.

came to Atlanta in 1898 and entered business here. Two years later he married Miss Emily Hemphill, daughter of R. A. Hemphill, and they have three children, two boys and one girl.

Mr. Goodhart is past president of the Ad Men's club; past president of the Photographic Dealers' association of America; a charter member and past director of the Atlanta Rotary club, and he is prominently identified with other organizations whose aims are pitched toward the advancement and progress of the city.

He was elected to the aldermanic seat in council without opposition and took office on January 1 of this year.

Revision of Charter Will Be Considered Today By Committee Today

This afternoon, at 4 o'clock, the charter revision committee of city council will meet in the committee room at the city hall to hear public discussion on the proposed new charter for Atlanta. All who are interested in the charter are invited to attend, and every one who wishes to speak will be given an opportunity to be heard. Councilman J. R. Nutting is chairman of the committee.

DORSEY MAY NAME JUDGE FOR MACON

Macon, Ga., July 13.—(Special.)—Indications are the selection of an extra judge for the Macon circuit will be left entirely in the hands of Governor Dorsey, if the bill creating the judgeship is pending before the legislature, passes. The Macon Bar association held an election last week and those thirty-five ballots were taken no candidate received a majority and the bar association was unable to elect one for appointment. It is now generally understood no further ballots will be taken and Governor Dorsey will be permitted to use his own judgment in the matter.

SUFFRAGE DELEGATION TO CONFER WITH COX

Columbus, Ohio, July 13.—A delegation of the National woman's party will confer with Governor Cox Friday prior to his departure for Washington, where he will see President Wilson Sunday. It was announced today. Arrangements for the conference were completed by members of the state organization of the woman's party. Miss Alice Paul, national chairman, and other national officers are expected to arrive tomorrow.

Woman's party leaders also announced that a similar deputation from their organization is expected to be received by Senator Harding, the republican candidate for president, at his home in Marion, Ohio, Sunday.

The governor stated today that he expected the date for his official notification to be fixed by the national committee at some time between August 1 and 10, and that it probably will be at his home, "Trail's End," at Dayton.

His attention being called to a statement by Senator Harding that his speech of acceptance would be short in order that everybody would read it, Governor Cox replied: "I don't think that is the point. We have a platform that you can talk a lot about."

William Green, international secretary-treasurer of the United Mine Workers of America, was one of the governor's callers this afternoon. The governor stated that Mr. Green's call was only to extend congratulations. Another caller was John Hennelly, of New York, a member of Tammany hall and neighbor of Charles Murphy. Mr. Hennelly said Tammany is strong for Governor Cox.

Washington, July 13.—The delegation of suffragists which will call on Governor Cox at Columbus Friday will urge that influence be exerted to obtain favorable action by the Tennessee legislature on the federal suffrage amendment, the national woman's party announced tonight.

The suffragists, it was said, will be headed by Miss Alice Paul, national chairman, and Miss Sue White, Tennessee chairman of the national woman's party. Representatives of the woman's party from the eastern and middle western states, including Dr. Gillette Hayden, Ohio chairman, will compose the deputation.

DEATH IN UNKNOWN MANNER, VERDICT AT WHITE INQUEST

A verdict of the coroner's jury returned at an inquest Tuesday afternoon declared that William C. White, aged 37, of 230 The Prado, died from a gunshot wound inflicted in a manner unknown to the jury. Mr. White died Monday afternoon at Grady hospital a short time after he had been found in the Kimball House lavatory with a bullet hole in his head.

Funeral services for Mr. White were held at 5 o'clock Tuesday afternoon at Grady hospital, officiating. The body was taken Tuesday night to Rock Hill, S. C., for interment.

Mr. White was an executive agent for the Hartford Fire Insurance company. He is survived by his wife and two small children: a sister, Mrs. Caroline W. White, of Rock Hill, S. C.; and brothers, George White, of Charlotte, N. C., and James White, of Rock Hill.

MOTHER HERE LOOKING FOR MISSING DAUGHTER

Lola Belle, the 16-year-old daughter of Mr. and Mrs. C. A. Carroll, has been missing from her home in Poughkeepsie since June 15. She was last seen at the home of her father, L. R. Manning, 315 1-2 Peters street, where she was last seen on June 15. The missing girl is said to be about 16 years of age and to have brown hair.

Miss Carroll, who is described as weighing about 88 pounds, having brown-colored hair, a fair complexion and large blue eyes, says her mother left her home on June 15 to visit a motion picture show in Covington, Ga., with a young man named Martin, and has not been seen since. Martin is thought to be from Macon and is said to be about 25 years of age and to have brown hair.

Pope Receives Bishop Russell
Rome, July 12.—The Right Rev. William T. Russell, bishop of the diocese of Charleston, S. C., was received in audience by Pope Benedict today.

"Did you see any sharks when you were out there?" asked Mr. Russell. "Yes," replied Butte, sadly. "I played cards with a couple."—Pearl Weekly.

Lyric (Keith Vaudeville)—Monday, Tuesday and Wednesday, Loyenberg Sisters and Sime Neary in a revue introducing dance, "merriment and melody." Joe Bennett presents himself in "Dark Moments." Billie Watkins and Gladys Williams in "When East Meets West." Peggy Carhart, concert violinist; Nikko Trio, in Japanese novelty, "The Contest." Topics of the Day, Pathe News, Pathe Review.

Loew's Grand—Vaudeville—Monday, Tuesday and Wednesday, Valentine Vox, ventriloquist, in "The Clubman." Male and Rizzo, the violinist and piano accordionist; Nell and Elsie Gilbert, entertainers and singers in "Gems of Joy." Weyer and Evans, the wise-cracking couple; Snell and Vernon, spectacular artists; Doris Kenyon in her picture drama, "The Harvest Moon."

Keith Vaudeville.
(At the Lyric.)
The Lyric theater management very safely follow the policy of old-time street fakirs and cry "your money back if you're not entertained." For there doubtless isn't an individual in Atlanta who won't admit that the act of Joe Bennett alone is worth the trip.

Bennett last night unexpectedly developed into one of the tremendous hits of the season, a blackface act that many declared the best Atlanta has ever seen. Bennett's performance is a comedy turn any theater ought to be more than glad to get.

The Lovenberg sisters and Sime Neary have a "big time" song, dance and comedy turn gorgeously dressed, strikingly staged and in every particular a winner.

The Nikko Trio of Japs have a closing act that nobody wanted to walk out on. Peggie Carhart opens the show with a bit of violin playing and let it be known that Miss Carhart is one of the big hits of the bill. A rollicking Hungarian dance hits of the season, "The Clubman," he lives up to his record for versatility and entertainment.

For a good musical number, that goes over without a lull, Nell and Elsie Gilbert present their "Gems of Joy," with enthusiastic applause from the audience. Weyer and Evans perform some of the most difficult aerial feats ever seen here. A big play made into a sincere and beautiful motion picture, fittingly described "The Harvest Moon," with Doris Kenyon. The story is based upon the celebrated play by Augustus Thomas.

be known as ventriloquism, has been a source of entertainment by vaudeville artists for a number of years. However, it is not often that something so well built up around this talent to thrill an audience for a capacity time act and fail to tire the spectator.

"The Turning Point"
(At the Criterion.)
Katherine MacDonald is the star of "The Turning Point," which is the attraction this week at the Criterion theater, the production being a screen adaptation of the novel of the same name by Robert Chambers. Miss MacDonald gives a splendid interpretation to the role of Diana Tennant haunted by an untrue rumor of the past. In love with a society idler, and endeavoring to ward off the distasteful attentions of a wealthy man who would willingly bring an unjust divorce upon her, Miss MacDonald's fine emotional acting and now and then of comedy relief stamp "The Turning Point" as one of the most interesting pictures she has ever appeared in.

An added attraction on the program Harold Lloyd is presented in an unusually clever comedy, "The Eastern Westerner."

"Judy of Rogues Harbor"
(At the Alamo No. 2.)
Mary Miles Minter appearing at Alamo No. 2 as the star of "Judy of Rogues Harbor," is afforded every opportunity to display her gifted ability and matured artistry

in this well known story, adapted from Grace Miller White's book. The athletic young star enters into the tense scenes and exciting situations with vim, vigor and veracity. She is at home in many scenes calling upon her physical powers and histrionic ability. Miss Minter is supported by a cast of celebrated screen players among whom are Herbert Standing and Little Frankie Lee. An added feature of the bill is a very funny comedy under the title of "A Parrot Post Husband."

"Let's Be Fashionable."
(At the Rialto.)
Douglas MacLean and Doris May, the two clever young Paramount stars who gave the screen such wonderful pictures as "Twenty-Three and a Half Hours Leave," "Mutt and Jeff," and "What's Your Husband Doing?" are at the Rialto this week in "Let's Be Fashionable," another new comedy that measures up fully to the standard set by them since their first appearance in pictures.

The story is well written and admirably acted, and may be counted another great success for both these young people.

A brand new Mutt and Jeff cartoon entitled "One Round Left," and the current edition of the "Paramount Magazine," is also being shown.

"Sins of St. Anthony."
(At the Forsyth.)
Clothes don't make the man, but they have a lot to do with making the man make himself. That's the moral, if there is any, in the new Bryant Washburn comedy, "The Sins of St. Anthony," that opened a three days' engagement at the Forsyth Monday.

The picture tells the story of a slouchy student, who is completely at sea when the ladies come around, but who under the influence of a manual coach queen receives into an immediately clad, suave, frequent.

Preparations to enter the mayoralty campaign in support of the candidate whom they believe will give "a business administration in Atlanta," were made Tuesday night at a meeting of the Atlanta Retail Food Dealers' association, whose members voted to appoint a committee of seven to examine carefully the platform of the respective candidates. This committee will be appointed today by Vice President W. T. Akin.

There are over three hundred members of the Atlanta Retail Food Dealers' association in the city.

The special committee will make its report as soon as the platform which will be made public by the candidates can be thoroughly scrutinized, and, according to plans made Tuesday night, the membership of the organization will be asked to accord their solid backing in accordance with the recommendation of the committee.

Members attacked an ordinance recently passed by city council and signed by the mayor which they declared "gives free rein to indiscriminate peddling of groceries as long as a license fee of \$10 a month is paid." These were termed "movable grocery stores" in the ordinance. Council will be asked to reconsider its action at the next meeting and impose a \$300 annual tax on this class of stores.

The association is working on the matter of a proposed state organization of grocers to be called the Georgia Retail Merchants' association.

Dennison-Latham Wedding

A marriage of cordial interest was that of Miss Genevieve Virginia Dennison and Mr. Louis Page Latham at the home of the bride's parents, Mr. and Mrs. Frank

O. Dennison, on Adams street, Decatur, at high noon Saturday, July 16. The entire lower floor of the spacious home was beautiful in its decoration. The improvised altar, at one end of the long drawing room, was banked with palms and ferns. An appropriate musical program was rendered by Mrs. Clara Carter and Mrs. Howard Cole. The bride, wearing a French frock of green organdy, with touches of pink and blue and carrying a bouquet of pink roses, and Miss

Margaret Dennison, wearing a lavender organdy fashioned in bouffant style. She also carried pink roses. Mrs. Ward Morehouse, of New York, matron of honor, was handsome in hand-colored organdy, her flowers "Lady Huntington" roses. Miss Martha Dennison, maid of honor, was gowned in orchid tinted organdy, her bouquet of white roses showered with swansons. Immediately preceding the bride was the dainty flower girl, Elizabeth Latham, wearing white organdy and carrying a French basket filled with flowers, the handle tied with pink tulle.

The bride, who was given in marriage by her father, was a picture of loveliness in her wedding gown. Her bouquet was of bride's roses showered with valley lilies. Mr. William Lawrence Byer, Dr. Donald Dennison, Mr. William Dennison and Mr. Clifton Goforth were the groomsmen.

Following the ceremony by Dean Thos. H. Johnston, Mr. and Mrs. Dennison entertained at an informal reception. A number of out-of-town guests were present. The cutting of the bride's cake, which was embossed with pink roses and valley lilies, occasioned much merriment. During the afternoon, Mr. and Mrs. Latham left for a trip to Signal Mountain. Mr. Latham has had remarkable success in his business. He is southern sales manager for the Simplex Time-Recorder Co. He graduated from the Technological high school and was a member of the students' army training corps at the "Georgia" camp. He had just been recommended for the officers' training camp when the armistice was signed.

Miss Dennison, who was formerly from Mississippi, is a charming young woman with a disposition and personality which wins friends.

At Bally Clare. A. McCall Wilson gave a delightful spend-the-day party yesterday at his country home, "Bally-Clare," in compliment to Mrs. John A. Ford, recently elected president of Atlanta chapter, U. D. C. Six ladies were invited to the house. The house was gay with flowers from the garden, and a delicious luncheon was served.

CORNELIA, GA. One of the most enjoyable affairs of the week was the afternoon tea given by Mrs. J. T. Poole, Jr., at her home on Tuesday afternoon in honor of her guest, Mrs. Fred H. Sorrow, of Atlanta, and Miss Louise Carson, a bride-elect of this month. The entire lower floor was decorated with flowers, the color scheme of white and yellow being used. The dining table was laid with a beautiful lace cloth and centerpiece was a large crystal vase filled with Killarney roses. Fifty guests were present—Cornelia Enterprise.

Forty-Two Club. Mrs. Panos D. Goutos entertained the Forty-Two club on Friday afternoon at her home in Inman Park. Pink and white flowers were used for decoration. The game was played on the porch. Those present were Mrs. S. A. Ledbetter, Mrs. J. V. McWhorter, Mrs. C. J. Morelle, Mrs. C. E. Gregory, Mrs. O. L. Spurlin, Mrs. A. Wittern, Mrs. Suttles, Mrs. Wilmoth, Mrs. D. H. Smith, Mrs. J. C. Hanse, of Macon; Mrs. L. A. Morris, Mrs. C. J. Anderson, Mrs. Marion Hester, Mrs. McMillan and Mrs. Homer Ledbetter and others.

Birthday Party. A beautiful birthday party was given Saturday by Mrs. J. J. Morelle, in honor of her niece, Miss Anita Timmeroth, of San Francisco, at her apartment, 71 North Moreland avenue. The occasion was the thirtieth birthday of the honoree. Many games were enjoyed, and in a bean guessing contest the prizes were awarded Mary Collins Gregory and Vason McWhorter. In the "fisherman game" Florence Crommelin received the prize. Refreshments were served in the dining room by Mrs. H. A. Wilhelmson. Those present were Misses Alice and Florence Crommelin, Evelyn Sims, Yeola Smith, Laura and Margaret Ledbetter, Lucie Snodgrass, Evelyn Stodghill, Mary Collins Gregory, Zaldie Ivey, Lina Donohew, Anita Timmeroth, Bertine Tanquary and Sue Dismukes, of Gallatin, Tenn. Messrs. J. M. Parks, Aurel Mell-champ, Harold Smith, J. C. Hanse, of Macon, Cleburne Gregory, Jr., Vason McWhorter, George Carlton, Horace Hanse and Selman Ledbetter.

Winslow-Lawrence. The marriage of Mrs. Emily Foster Winslow and Mr. Herbert Reed Lawrence took place in the Church of St. Philip, in the Highlands, at Garrison, N. Y., Wednesday, July 7, with only immediate relatives present. The bride was given in marriage by her uncle, Mr. Charles de Rham, and Mr. Conner Lawrence was best man. The ceremony was followed by a reception at the bride's home of Mr. and Mrs. Charles de Rham.

In Cold Spring, Mr. Lawrence and his bride will spend the summer in Tuxedo, N. Y. Mrs. Lawrence is quite well known in Atlanta where she spent a year at the Georgian Terrace during the war.

Ten Club to Be Entertained. The members of the Ten club will be entertained by Mr. W. W. Orr, on Friday evening, at the Druid Hills Golf club. Mr. Sam D. Jones will read the paper, the subject being "The Romans."

W. C. T. U. The Atlanta Frances Willard Woman's Christian Temperance union will hold the regular session Thursday afternoon at 3:30 o'clock in the Sunday school room of Trinity church.

Speedy Relief From Habitual Constipation

The liver is the largest and most important organ in the body, and when the liver refuses to act, it causes constipation, biliousness, headache, indigestion, gas, sour stomach, bad breath, dysentery, diarrhoea, pain in back and under shoulder blades and under ribs on right side. These symptoms lead to colds, influenza or other serious troubles unless corrected immediately.

An inactive liver places an extra burden on the kidneys, which overtaxes them and causes the blood to absorb and carry into the system the impurities that the liver and kidneys have failed to eliminate.

When you treat the liver alone, you treat only the cause of your trouble, and that is why you have to take purgatives every few nights. Calomel or other ordinary laxatives do not go far enough. If you would treat your kidneys and blood while treating the liver you would put your entire system in order and prevent purgatives would then be unnecessary.

Dr. W. L. Hitchcock many years ago recognized these important facts, and after much study and research, compounded what is now known as Dr. Hitchcock's Liver, Kidney and Blood Purifier. Three medicines combined in one. This was the doctor's favorite prescription for many years, being used by his patients with marked success. It is a harmless vegetable remedy that will not make you sick, and you may eat anything you like while taking it.

Get a large tin box from your druggist or dealer for 25c, under his personal guarantee that it will give relief, tone up the liver, stimulate the kidneys to healthy action and thereby purify the blood. If your dealer will not supply you, it will be mailed direct to the Hitchcock Medicine Co., Atlanta, Ga., upon receipt of price.—(adv.)

ELECT HUFF MAYOR

COMMITTEES TO PASS ON COUNTY CONTESTS

Fights in DeKalb and in Carroll Aired at Hearing Tuesday.

Two heated county commissioner scraps were thrashed out simultaneously by two house committees in the chamber of the representatives yesterday afternoon, bringing to the city large delegations from the counties affected.

Representative Lindsey, of DeKalb, appeared before the committee on county and county matters to advocate his bill, which would give the present DeKalb commissioner, L. J. Y. Nash, an advisory board of four to assist him in his work. Those named in the bill were R. J. Freeman, of Decatur; J. F. McCurdy, of Stone Mountain; Frank Carroll, of East Atlanta; and Richard Floyd, of Rodan.

Mr. Lindsey declared that he was elected on a platform to give the county five commissioners, and that he introduced the bill to redeem his campaign pledge. He added that Mr. Nash had asked for assistants and that he introduced the bill to give an advisory board without authority of law.

Lindsey's colleague, Carl Gues, of Stone Mountain, said that nobody had approached him on the subject, and that he was unwilling to take any step in the matter until he had learned the wishes of the people of the county. He added that he had learned the wishes of the people of the county through the efforts of the present commissioner, and that he was willing to defer action until a later time.

The other commissioner fight came from Carroll county, where one of the representatives, J. L. Smith, introduced a bill to abolish the office of county commissioner and create in its stead a board of five commissioners. His colleague, J. T. Hixon, offered as a substitute a bill making the present commissioner nominated to go into office and a board of five members of the present board commission as his colleagues. This would give Carroll county a board made up as follows: J. A. F. Groom, chairman; J. A. Baskin, of Carrollton; J. Henry Pope, of Villa Rica; W. F. Freese, of Rossville; and T. S. Lumsden, of Mt. Zion. Besides Mr. Smith, J. M. Moore, of Villa Rica; H. D. Jackson, of Carrollton; and Senator E. T. Steed, of the thirty-seventh district, were substitutes. The committee decided to report favorably Mr. Smith's bill but it was intimated that both of the Carroll representatives would agree on a bill to be submitted to the house.

This contest was heard by the house special judiciary committee, of which Mr. J. M. McCallie is chairman. The same committee reported adversely a bill to put the solicitor general of the Ocmulgee circuit on a salary.

Get It First!

ONE may easily abuse his credit.

Money should not be borrowed for luxuries.

What you can't afford to own today you can't afford to buy.

Buying luxuries on credit is increasing the obligations of the future. What reason have you to expect that you can pay ill-considered debts and, at the same time, take care of all the needs the future will bring?

Receiving credit—borrowing money—implies that one knows just where the money is coming from to meet the debt promptly when due.

Those who do not pay debts when due lose their credit.

For luxuries—get the money first!

HOME FOLKS WELCOME COX'S RUNNING MATE

Hyde Park, N. Y., July 13.—Franklin D. Roosevelt, democratic vice presidential nominee, was given a noisy and affectionate greeting by his townpeople here today upon his arrival from San Francisco.

Democrats and republicans alike joined in the welcome. The nominee arrived here at 5 o'clock and was met by a reception committee which consisted of Mayor Ralph F. Butts, of Poughkeepsie, and leading citizens of all political faiths.

Mr. Roosevelt and members of his party were then taken in automobiles to "Springwood," the Roosevelt home.

There former State Senator Newbold led Mr. Roosevelt to the front veranda and presented him to his neighbors with the brief introduction: "Here's your boy!"

"Neighbors, I am more moved by this than by anything else in my life," declared Mr. Roosevelt. "I am more moved than I was in San Francisco where the unexpected happened and the unexpected did happen at the last minute."

"I was sent from the floor of the convention to meet a man under the speaker's platform. The man whom I was supposed to meet was not there. Some one rushed up to me and said: 'They are nominating you.' I replied: 'Quit your kidding. No one was more surprised than I was to get the vice presidential nomination.'"

Mrs. Eleanor Roosevelt, wife of the nominee, who has been spending her vacation with her five children on Campobello Island, off the coast of Maine, arrived after a hurried trip too late to take part in the village home-coming. However, she and her husband in the parade through the streets of Poughkeepsie, which gave the candidate a rousing welcome.

Where Confidence Counts

YOU are not deriving the utmost value from your banking connection with us unless you have taken us into your confidence. A bank, like a physician, is unable to render its best service if some of the facts are withheld and seemingly unimportant problems not carefully considered.

WE are here to serve our clients in more ways than in banking. We are here to discuss with them their business opportunities, difficulties and aspirations. We are here to advise and assist regardless of whether your account is large or small, or whether your business is local or of great importance.

You will never discover the real value of this bank until you have tested us to the utmost. This we invite you to do.

"What we have learned about tire troubles"

Why porous rubber in ordinary tires breaks down quickly

"SEE how this tread is wearing down!" "Look at this sand ball!" "The tread of this tire is all loose!" These are the complaints that dealers have been hearing for years.

This is what you would hear if you were selling ordinary tires.

For years tire manufacturers, large and small, have been working to overcome these common tire troubles. Yet until recently the correct weakness of rubber tires had not been known.

Ordinary rubber is porous—it absorbs moisture, grit, oil, grease and other foreign substances. It quickly weakens and disintegrates.

To produce a rubber that has not these weaknesses, two practical tire men and two research chemists spent months in laboratory research and road tests. They discovered Crocid—a non-porous rubber compound which eliminates premature troubles.

Made with Crocid Compound, Thermoid tires are from 50% to 100% tougher than ordinary tires, yet they gain in resiliency.

It was after comparing their value, point by point, with 9 other makes that we became distributors for Thermoid Crocid Compound Tires for this territory.

You are invited to call and see these new Tires—also famous Crocid Compound tubes. Let us tell you why Thermoid Tires and premature trouble and give better mileage.

Write or ask for name and address of the Thermoid dealer who will supply you.

Sports Four Atlanta Crackers in Championship Flight

Crackers Lose to Barons in Third Game of Series

By Cliff Wheatley.
"Give me a place to stand on and I'll move the world." is one of Archimedes' statements that will survive the passage of all time. Give us a place to stand on and the Atlanta Crackers will be the champions of the world. It is the modernized version in which the Atlanta Crackers have won the way for Birmingham's 4 to 2 victory over the local hirelings.

The Crackers are not yet champions of the world, hence it is easy for us to forgive them the defeat when the best out in the United States could not have beaten the Barons and their chief piece of offensive, Brother Gifford. The gentleman's optical illusion in the seventh was the hardest hit we saw the Barons' best piece of offense, although First Baseman Bernsen made game effort to equal a moment later by sticking the pellet on the right field bank for three bases.

"Honest, but Blind." Back to Mr. Gifford, in the words of several fans, he is honest, but blind. The case as they filed out of the stands, Gifford is honest, but he is blind. "Honest, but blind" is a phrase that has been used in many accounts of the storm he has brewed in the seventh inning. Gifford, who is the leading cracker in the United States, is not a whole lot of truth in that assertion.

Gifford has been a harmless in his decisions heretofore. We recall, however, that he called Harry Dammour out for alleged failure to punch second, after the veteran had pounced on the left field for four bugs. The Crackers lost this game by a one-run margin, but the fans took their bitter pill and swallowed manfully.

Fans Swallow Pill. The clean sportsmanship of the Atlanta fans was again brought to the front during these games and they refused to indulge in any scenes that would mar their reputations. And even in yesterday's heartbreaking affair, the ladies and gentlemen who witnessed the game never for an instant let their passions run away with them. They were good spectators and did not give vent to their feelings via the pop bottle route, and utter expletives and obscenities. The Crackers lost this game by a one-run margin, but the fans took their bitter pill and swallowed manfully.

The quickest way to beat an army is to destroy its morale. This is the principle that has been applied to a baseball team. Take away its morale and the team is beaten before it starts. "Whom the gods would destroy, they first make mad." This is the principle that has been applied to a baseball team. Take away its morale and the team is beaten before it starts.

Dan Pitched Well. Until Mr. Gifford had a recurrence of the "almanac" act, he was "alleged" from one end of the Southern League to the other. Daniel Boone was pitched in the first inning, having granted only three hits. He had been a bit wild but his work in the pinches more than made up for his shortcomings in the control department of his profession.

In Gifford, Daniel was pitted against one of Moley's best batters, the elongated Cracker right-hander who was in trim for the ordeal, and he had Whitey looked for fair. In the seventh, however, Steven was hit by a pitched ball and went to first. Two men were down, and no clouds were in sight. Steven was soon worried of the scenery around the initial sack and tore for second. Mills' throw to Martin was perfect, and to all appearances, the Baron shortstop was nailed by the proverbial mile.

However, Gifford, however, formed, for daring to question the judgment of the high and mighty, Jack received a bad cut over the mouth while Steven slid into him.

Erhardt then doubled down the third-base line and the score was tied. Suggs went in to relieve Boone, who was removed by Cracker management. Boone wasn't outpitched, and but for Gifford's verdict would have continued his great game. Dan was torn up by

the occurrence, and the old war horse wasn't the only one.

Bernsen's Triple. Suggs threw a hook to Bernsen, and the apple found a resting spot half way up the bank in right field, the hit scoring Barnhart. Ellis followed with a single to left, and Bernsen counted. The Crackers scored yet had not Ellis died in an attempt to piff second. Ellis had the bases stolen, but at least one of Gifford's wild guesses was cast in our direction. It's a pity we lost out on the first choice—the Crackers would still be in third place if we had.

The Barons added one more off Gifford in the next inning. Griffith led off with a single to center and went to third when Gifford's Texas leaguer over first base. Gooch grounded to Kauffman and was out, later by sticking the pellet on the right field bank for three bases.

Boone was hit for four safeties and three runs.

Crackers Score. The Crackers scored their first run in the third inning. After Mills had fanned Boone, Gifford led off and went to third when Gifford's Texas leaguer over first base. Gooch grounded to Kauffman and was out, later by sticking the pellet on the right field bank for three bases.

Double-Header This Afternoon

By CLIFF WHEATLEY.
Will Close Series With Barons

The Crackers are now in fourth place in the club standing, due to the heart-breaking battle that was dropped to the Barons yesterday afternoon, but the locals have a chance to get back on the charmed circle in the double-header this afternoon. We are told by the local press, President Charlie Frank, that the first game will start promptly at 2:30 o'clock and we are informed further by the press that the Barons are going to be exceedingly lucky to get away with the series.

It would seem that Lefty Suggs and Thomas Sheehan will be the slab selections of the local management, although Thomas turned in a shutout performance against the Barons Monday afternoon. Tom is one of the original iron men, however, and a little thing like "doubling" on his turns to pitch is nothing in his young life. Sheehan is the one Cracker twirler who can defeat the Barons players consistently.

Due to the great number of right-handed batters on the Birmingham roster, our side-wheeling ace, Lefty Suggs, will have a very hard day's work out of him. If Sheehan isn't ready to mount the rubber this afternoon, we are sure that Parson Lankenau is due for a chance to walk Barber, Robert, who isn't the easiest job we can think of at this time.

Even after losing the two innings against Moley's batters in the second game of the double-header Monday afternoon, our pitcher's performance was fair when we consider that he assumed the burden at a time when he was having his own little opportunity to shake out the kinks before he was sent to the rescue of Cliff Markle, who was in considerable trouble.

Carlton Moleworth has always been averse to naming his slab artists in advance of the games they are to work, but if memory serves correctly, he has two more good pitchers he can sling at the locals this afternoon. Just now Gallager appears to be the first, and we believe that the Barons' chief believes Joe C. Gallager can put the skids to Sheehan or Lankenau.

The completion of the first set, staged a great comeback, and the second set, which they won was the turning point. They lost the first two games of this set, but won the next three, giving them a one-game lead from then on. The second set was the hardest fought of the two, and the most brilliant tennis of the afternoon was the fourth set, which they won. The third set was a pretty watch and at one time, Hunt and Harris, by some clever shots, won the advantage again, and the fourth set was a pretty watch and at one time, Hunt and Harris, by some clever shots, won the advantage again.

Double-Header This Afternoon

By CLIFF WHEATLEY.
Will Close Series With Barons

The Crackers are now in fourth place in the club standing, due to the heart-breaking battle that was dropped to the Barons yesterday afternoon, but the locals have a chance to get back on the charmed circle in the double-header this afternoon. We are told by the local press, President Charlie Frank, that the first game will start promptly at 2:30 o'clock and we are informed further by the press that the Barons are going to be exceedingly lucky to get away with the series.

It would seem that Lefty Suggs and Thomas Sheehan will be the slab selections of the local management, although Thomas turned in a shutout performance against the Barons Monday afternoon. Tom is one of the original iron men, however, and a little thing like "doubling" on his turns to pitch is nothing in his young life. Sheehan is the one Cracker twirler who can defeat the Barons players consistently.

Due to the great number of right-handed batters on the Birmingham roster, our side-wheeling ace, Lefty Suggs, will have a very hard day's work out of him. If Sheehan isn't ready to mount the rubber this afternoon, we are sure that Parson Lankenau is due for a chance to walk Barber, Robert, who isn't the easiest job we can think of at this time.

Even after losing the two innings against Moley's batters in the second game of the double-header Monday afternoon, our pitcher's performance was fair when we consider that he assumed the burden at a time when he was having his own little opportunity to shake out the kinks before he was sent to the rescue of Cliff Markle, who was in considerable trouble.

Carlton Moleworth has always been averse to naming his slab artists in advance of the games they are to work, but if memory serves correctly, he has two more good pitchers he can sling at the locals this afternoon. Just now Gallager appears to be the first, and we believe that the Barons' chief believes Joe C. Gallager can put the skids to Sheehan or Lankenau.

The completion of the first set, staged a great comeback, and the second set, which they won was the turning point. They lost the first two games of this set, but won the next three, giving them a one-game lead from then on. The second set was the hardest fought of the two, and the most brilliant tennis of the afternoon was the fourth set, which they won. The third set was a pretty watch and at one time, Hunt and Harris, by some clever shots, won the advantage again, and the fourth set was a pretty watch and at one time, Hunt and Harris, by some clever shots, won the advantage again.

This is the plan of the Ranger System of Factories as now being developed at the port of Houston, Texas. A number of these units have been completed and in production for months. Others are under way. As planned from the beginning, the plants are being erected one by one, the known best and most approved method of developing a large system of factories. Large and fully equipped temporary plants are also being utilized for production until each new unit on the permanent plant site is completed.

A Dividend of Ten Per Cent

Payable in Stock To All Shareholders of Record Aug. 31, 1920

Has Been Declared by the Board of Trustees of

Southern Motor Manufacturing Association, Ltd., Houston, Texas

The Southern Motor Manufacturing Association, Ltd.—now popularly known throughout the South as "Southern Motors"—is engaged in assembling and manufacturing in its own plants, at Houston, Texas, and marketing Ranger Trucks, Tractors, Trailers and Commercial Bodies.

The Ranger Factories are being constructed one at a time on what is known as the unit principle. Each unit is a saw-tooth type of construction. This is the most modern and thoroughly approved method of building automobile factories. Every experiment of the past, both good and bad, has received consideration in planning Ranger factories. This is shown by the fact that the Ranger management is not rushing headlong into this stupendous undertaking. Ranger factories are a growth. They are built by plans that have been thoroughly considered, carefully matured.

During the first year of organization property owners of Houston offered the management, free, fifty acres of land necessary for the plant site for the Ranger Factories, on the Houston Terminal Belt Railway, near the Houston Deep Water Ship Channel. On this site modern plants of steel, concrete and wired glass have been erected.

When the plant site was offered by property owners of Houston, an expenditure of large amounts for buildings and organizing of production was required before the giving of a title to the

property. These requirements have been fulfilled many times over in a much shorter time than required by the donors of the property, and the Southern Motor Manufacturing Association, Ltd., now holds the deed to the property. In addition, fifty acres adjoining this site have just been purchased and paid for in cash.

The mechanical operations of the Ranger Factories and properties are in the hands of the Ranger Board of Engineers, consisting of General Production Manager, Chief Engineers, Assistant Engineers and Manufacturing Superintendents of the various units. All these departments are now in actual operation.

The business is conducted under the supervision of a Board of Trustees, and this Board holds monthly meetings. All funds received and disbursed are vouched for by bonded employees, and the Treasurer himself is one of the active members of the Board of Trustees.

Strict economical methods, grasp of business conditions, and thorough knowledge of values have marked the administration of the affairs of Southern Motors. The properties have enhanced greatly in value since being acquired; the actual value in dollars and cents of patents for the manufacture of its products is very large, and the commercial good will already acquired through the manufacture and sale of Ranger products is of in-

estimable value. The trade name of our various products is thoroughly established, and rated in the various automotive guides of the country.

The shareholders of Southern Motors now number over ten thousand, and they are a loyal, co-operative and enthusiastic body of shareholders. These shareholders are fully informed, twice each month, as to the progress of the business, with the result that the great majority of them are well posted about the business, and are constantly doing all they can to further the sale of Ranger products. One entire department of the business finds itself busy every day in the week, receiving and acting on information and suggestions that are received from the shareholders showing us new prospects for Ranger products.

In addition to The Ranger, the monthly house paper, which is issued on the first of each month, the President issues and mails to each shareholder, the small ones as well as the large ones, a complete resume of the business known as the Monthly Summary of Progress. Many of the shareholders are showing the most genuine appreciation of this co-operative management, and any of the well-informed shareholders could tell you as much about the progress, aims, purposes and

ambitions of the institution as you can obtain by talking with a member of the Management.

A still further co-operative principle of the business is to be found in the Board of Associate Trustees. An Associate Trustee is a co-operative local officer, who receives special contingent compensation in return for his active local assistance in the sale of Ranger products in the community where he resides. These Associate Trustees now number something like one thousand, and they come from the best body of business men, such as Merchants, Dealers, Bankers, Lawyers, and the principle of co-operation is much talked of today, but we GET co-operation.

That is why Southern Motors has received the unequalled indorsement of all classes of business and professional men, farmers and investors. Among our indorsers can be named Judges of Courts, County Officials, State Officials, including Secretaries of State, United States Senators and agents of the State and National Departments of Agriculture. As to banking connections and indorsements, it is perhaps not too much to say that more bankers are to be found on our list of shareholders and Associate Trustees than with any other single Southern enterprise of this kind.

UNDERWOOD SPEAKS TO RAINBOW VETERANS

Birmingham, Ala., July 13.—Declaring that "the government has become the football of the partisans and the desire of the plunderer," Senator Underwood in an address today at the reunion of Rainbow Division veterans, pleaded with them to become leaders in the fight against dangers which he said are threatening the life of the republic.

The dawn of a new era, said the senator, has brought changes which have confused the march of progress and obscured the principles upon which the nation was founded. Veterans of the world war, he suggested, have not really been

mustered out of service, but have been furloughed to serve again "for the safety of our common heritage."

The speaker paid tribute to the exploits of the Rainbow division in France and to the memory of those who had fallen on the battlefields of the Argonne and the Marne. He said in part:

"We are standing in the dawn of a new era of our republic. The fixed stars have faded from the clearing of the uncertain light of the future. Established landmarks are lost, new ways perplex, new problems of government and business remain unsolved. The unrest of the times demands that we march forward, but the doubt and uncertainty brings confusion to our ranks. In the beaten paths the restlessness crowds and the seditious try of discontent challenges our ward march. The tremendous force of new ideas and new conditions must be met and solved. Apparently no plan remains steadfast and no policy is approved. The mysterious happenings of today seem to baffle the great truths of yesterday. The church is challenged from within and deserted from within. The government has become the football of the partisans and the desire of the plunderer."

"Business is uncertain in the grip of heavy taxation and our commerce halts under the limitation of transportation. Men are flocking to the great cities and the farms lie fallow for want of labor. The war profiteer flourishes in his new wealth and the rule of living threatens the humble home. The rule of even-handed justice is endangered and legislation for special class is the demand of Anarchy. The law is threatened to strike down the law and the will of the mob defies the peace of the land."

"These are some of the dangers that threaten the republic, some of the problems that must be solved in the future. Where can we better turn to find the leaders to pilot the nation out of the doubts and dangers that seem to threaten us than by turning with confidence to the courageous soldier who saved our honor and followed our flag on the battlefields of France in the great war? The men of the Rainbow division, you, who served and sacrificed on the field of battle, you are the men of your country's call, are you really mustered out of your country's service? The rule of even-handed justice to serve and sacrifice again as citizens of the republic for the honor of the country, the glory of our nation and the safety of our common heritage?"

STRIKER SENTENCED TO ATLANTA PRISON

New Orleans, July 13.—John Boes, longshoreman, was sentenced to a year and a day in the United States penitentiary at Atlanta by Federal Judge Foster today when he pleaded guilty to charges of conspiracy to interfere with the traffic of the New Orleans Railway and Light company, and federal receivership. He was one of four men who participated in a fight on a Magazine car yesterday.

Boes, who declared he was intoxicated when the trouble occurred, was charged with having stabbed a conductor and assaulted a motorman, the two latter being non-union employees of the traction company. F. Frischoff, shot through the right lung by the conductor, is under similar charges, but is expected to live. The street car employees, both seriously wounded, were not placed under arrest. Boes and Frischoff were indicted by the federal grand jury, ordered into continuous session, twenty-four hours after the fight.

Nearly 100 cars were being operated today.

BROTHERS ARE KILLED IN QUARREL OVER GIRL

Nashville, Tenn., July 13.—A double tragedy was enacted this morning five miles north of Springfield, Thomas Dyer, 30, killing Ray Herdon, 22, and Herdon, 21, brothers and well-known young men in Robertson county.

Reports reaching Nashville are that the trouble had its origin in derogatory reports concerning a young woman to whom Dyer had been attentive. Parties interested are said to have met this morning on the farm of C. E. Herdon, the purpose of settling the reports at rest in a peaceable manner but Dyer came to the scene armed and used his pistol with deadly effect. He is in jail at Springfield, charged with murder.

MELON MOVEMENT IS REPORTED SLOW

Thomasville, Ga., July 13.—(Special.)—The watermelon movement from Georgia so far is only about half of what it was at this time last year, being 2,427 cars up to Herdon, 22, and Herdon, 21, brothers and well-known young men in Robertson county.

Reports reaching Nashville are that the trouble had its origin in derogatory reports concerning a young woman to whom Dyer had been attentive. Parties interested are said to have met this morning on the farm of C. E. Herdon, the purpose of settling the reports at rest in a peaceable manner but Dyer came to the scene armed and used his pistol with deadly effect. He is in jail at Springfield, charged with murder.

SCHOOLS CHEAPER THAN JAILS, TELLS NEGRO PYTHIANS

Macon, Ga., July 13.—(Special.)—Professor G. R. Hutto, of Bainbridge, in addressing the grand lodge of negro Knights of Pythias, in session in this city today, declared that ignorance was the largest liability of the American people, and called upon every negro Knight of Pythias in Georgia to do his part in helping to wipe it out.

In addressing 2,000 knights and members of the Court of Calanthe, in joint session this afternoon, he said: "I believe that the time is now that Georgia is going to furnish better schools and better teachers for our people, and we are going to show our appreciation by keeping our children in them. It is cheaper to build schools and employ good teachers than to build jails and employ police officers. Let Georgia take the front rank in wiping out ignorance and illiteracy."

The grand lodge was addressed by Professor H. A. Hunt, of Fort Valley. Bishop W. D. Johnson, of Plains, Ga., Ernest G. Tidginton, supreme councillor of the Order of Calanthe, Evansville, Ind., and Dr. G. N. Stoney, Augusta. There were 1,300 in the parade this afternoon—the largest large of negro Pythians ever had in the city. During the session this afternoon, the death of Carroll Hutto, the son of the grand chancellor, was announced. Resolutions were passed and a committee, consisting of E. W. Sherman, E. W. Warren, B. W. L. Clarke, C. H. McCarthy, A. M. Turner and M. N. Stoney, was appointed to represent the grand lodge at the funeral Friday.

SAVANNAH GIRL WINS LAW LICENSE

Savannah, Ga., July 13.—(Special.)—Savannah has another member of the bar—Miss Hortense Dillon, just 18 years of age—having been admitted to the practice of the legal profession. She will be associated with her uncle, Charles M. Dillon, who has been reading law in his office for the past year, having graduated a year ago from the law school in Brooklyn. Miss Dillon is the other woman lawyer of Savannah, and is enjoying a large practice.

GOMPERS INSISTS THAT LABOR WANTS NO THIRD PARTY

Washington, July 13.—Samuel Gompers, veteran president of the American Federation of Labor, today made a curt reiteration of his stand that the federation wanted no third party.

"The attitude of the federation has been clearly set forth in conventions of the federation for many years in federation publications," he declared.

"There is no cause for any change of judgment now."

Gompers referred his questioner to a letter written several months ago and published in the American Federationist, under the heading, "No time for experimenting with labor party theories."

"History is strewn with the records of labor party failures," Gompers said in this letter.

"The conventions of the American Federation of Labor from 1881 to the present time have refused to endorse political labor parties. These declarations have been accepted without question each year by the great mass of organized workers. In those few instances where efforts have been made occasionally to organize labor parties they have failed of their purpose. Their only achievement has been to divide the vote of the workers, thus giving direct assistance to those candidates most unfavorable to labor."

DROP IN THE PRICES OF FARM PRODUCTS

Washington, July 13.—The level of prices paid farmers for principal crops decreased about 1.5 per cent during June, said a report issued today by the department of agriculture. On July 1, however, the report added, the index figure of prices paid farmers was still more than 20 per cent higher than a year ago, 27 per cent higher than two years ago and 102.5 per cent higher than the ten-year average.

Letters That Produce Results

The real test isn't the cost of the letter, but the cost of producing results. Letters at a dollar apiece would be cheap if they sold the goods, and letters at one-tenth the price are extravagant waste if they cannot make a favorable impression and bring results.

Letters that stand the test are written on stationery such as we produce.

Another FEDERAL ONE TO FIVE TONS

Why Have Your Truck "Laid-Up" When Federal Trucks With Our Service Will Stay On The Job?

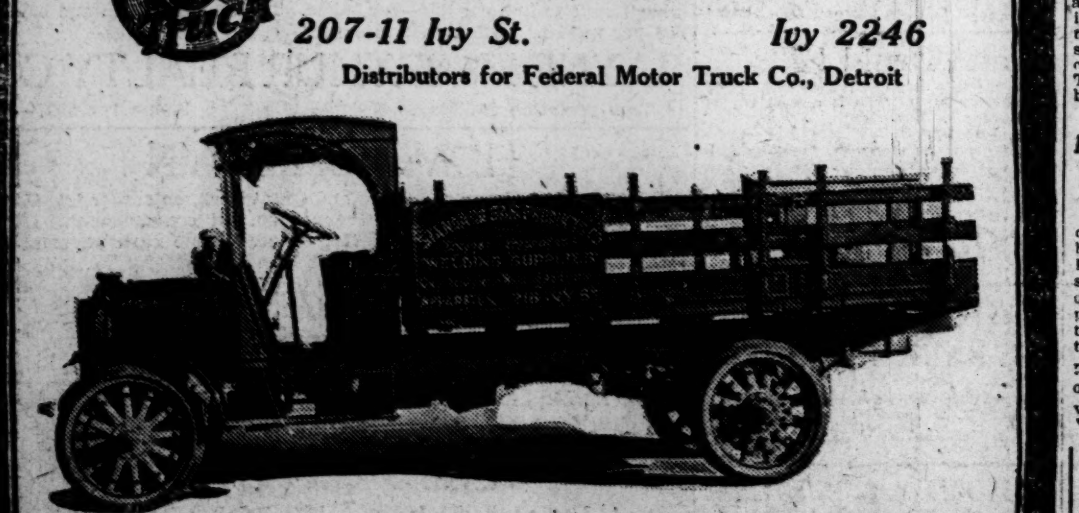

FEDERAL TRUCKS stay on the job. Barring accidents, a Federal of either capacity from one to five tons will give months and months of service without begging a day off for repairs.

And when accidents do happen, and service is necessary, we have a corp of mechanics who do nothing but render service on trucks, and when a Federal comes into our shop it is put in running condition immediately.

Our large stock of parts make it possible for us to handle more than ninety five per cent of all repair jobs with parts from stock in Atlanta, thus avoiding long delay in getting parts from the factory.

We have a Federal and a body---or can build it in our own plant---to fit every business need.
